TEAM REGISTRATION

Deadline for team registration is on September 20, 2020, Sunday at 11:59 PM (GMT+8), or when four teams are filled.

Teams must disclose the Battlenet ID and peak SR of each player, including substitutes, on the registration form.

The players from the main roster and all substitutes can be from Bronze to Grandmaster. However, a team can only have 1 Grandmaster (peak SR) playing during the match. Anyone found to be smurfing in the tournament is going to be killed by Hera, I swear to god. Or disqualified.

There can only be a maximum of 6 substitute players. (Meaning 12 players in one team.)

Please inform the admins for any roster / team changes as soon as possible.

PREPARATION

The tournament proper begins at 9PM GMT+8 on October 31, 2020. Teams are expected to gather at the OUG Server's Team voice channels, 15-30 minutes before the match start. Late teams are disqualified unless they have a good reason. Like they were out saving a puppy, for example.

The team members playing in the match must use the OUG Server Team voice channels. Substitutes, coaches, and spectators are expected to remain at the OUG Lobby voice channel. This ensures smooth communication between organizers and players, and minimizes any miscommunication among players.

TOURNAMENT PROPER

- Tournament will use a competitive game mode, with 2-2-2 format (2 tanks, 2 dps, 2 support.)
- The rough schedule is as follows:
 1. We will spin the wheel to determine the order of the teams. Team 1 will be against Team 2; Team 3 will be against Team 4.
 2. The winners (Okay-ish Peasants) will compete in the finals, while the losers (Lowly Peasants) will compete for 3rd and 4th place.
 3. For the finals, teams start with the KOTH map. Losers from that match will pick the next map from the predetermined list. (See below)

- Predetermined Maps:
Semi-Finals: Eichenwalde (Hybrid)
Losers Bracket: Oasis (KOTH)
Finals: Best of 3 - Busan (KOTH), Rialto (Escort), Anubis (2 CP)

This is going to happen all in one day, October 31, 2020.

- Players may sub in only between maps.
- If a player is experiencing lag, computer problems or any unforeseen events, they may call for a pause and sub in a player on their substitutes list.
- No role swap, unless unforeseen events like a disconnection occurs and there is no one to replace that player with that position.
- Grand Prize: High-resolution doodle of 13 dollars, and another doodle of the Peasant Cup Trophy, with the names of the team. Plus your team's name immortalized on a plaque at the Olympus Cafe Minecraft Server.

HISTORY

The Peasant Cup is a tournament hosted by the OUG Server, a bored community who still plays Overwatch to this day.

The first ever tournament was held early May 2020, which surprisingly went well.

Four teams competed — with DC Nations taking the Grand Prize which is a doodle of 6 dollars and proving themselves to be The Slightly Better Peasants; the Honeybadgers taking the second place; the Throwverwatch taking third place; and ABIGU HIUAG taking the fourth place.

Due to this success and the running passions of the OUG Server members dubbed "Peasants", another tournament will be held this October 2020 to see whether they are strong enough to beat the imposed hierarchy in society.
